

# SLAVE TOGA PATTERN

Make an easy, no-sew toga in under 10 min! Adjusts to your size

## MATERIALS:

### ▶ White Fabric (96" x 54")

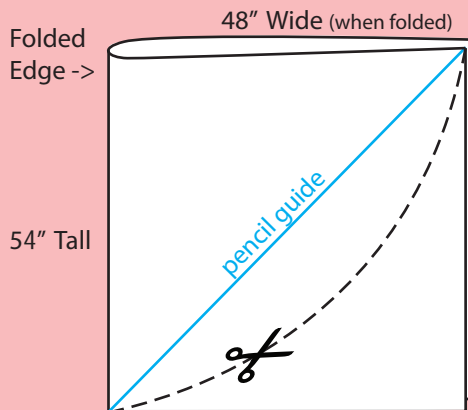

Buy from a fabric store. Bed sheet also an option. Ideal fabrics are light-weight, drape well, and have a smooth but not shiny finish. FABRIC WIDTH is the width of a specific bolt of fabric.

### ▶ Hoop

One bracelet or wooden drapery hoop (about 2.5")- available at dollar & fabric stores

### ▶ Measuring Tape, Scissors, Pencil

## STEP 1: CUT THE PATTERN

### ▶ FOLD fabric in half

### ▶ MARK a light pencil line, from bottom to top corners

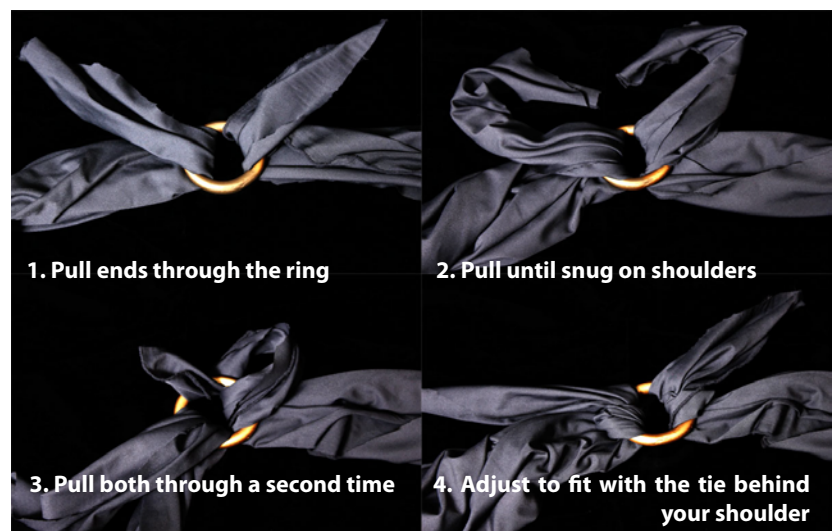

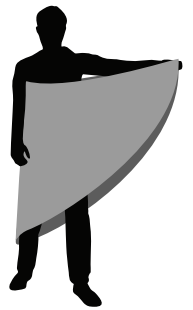

### ▶ CUT a curved line outside mark, corner to corner

\*NOTE - Measurements are for an average build. Width and height can be added to adjust to your size.

## STEP 2: FOLD & TIE

### ▶ WRAP toga around yourself, with folded edge under armpit.

### ▶ SECURE loose edges over opposite shoulder, by TYING through ring, as below.

### ▶ This toga can be revealing - if wearing something underneath, matching white is preferred for the Trojan burn day. Toga is breathable by day, but needs extra layers by night. See you on the PLAYA!
